\* WOGAP Berlin (short for Workshop on Gender and Philosophy) aims to bring together researchers who are interested in feminist philosophy broadly conceived. We're meeting once a month in a hybrid format and discuss work in progress by speakers whose papers will be circulated beforehand; unless explicitly announced otherwise, the papers and discussion is in English. If you're interested in participating in the workshop and/or in receiving other announcements on feminist philosophy in Berlin, please send an email to [ls.feminist.phil@hu-berlin.de](mailto:ls.feminist.phil@hu-berlin.de) and we will put you on the mailing list.
