

Call for Applications:

Kant Youth Congress – Multilateral Youth Forum

In the year of **Immanuel Kant's 300th birthday**, students and young professionals (18–28 years) from **Germany, Poland, Lithuania, and Russia (in exile)** are invited to participate in the Kant Youth Congress. The event will take place from **May 19th until May 25th in Olsztyn in Poland**, with an introduction in **Gdańsk**.

Immanuel Kant, born in Königsberg (now Kaliningrad, Russia) on **April 22nd, 1724**, was not only a **pioneer of the Enlightenment**, but also a trailblazer for modern philosophy. He revolutionized philosophy, but also significantly shaped our understanding of **ethics, epistemology, and metaphysics**. His contributions are still highly relevant today. His ground-breaking works, such as "**Critique of Pure Reason**" and "**Perpetual Peace**" are just two examples of how they shaped the philosophical landscape of Europe.

The concept of the forum is to bring together young people from **Germany, Poland, Russia (in exile), and Lithuania** to exchange experiences and opinions on human rights, international cooperation, civil society, and the role of women. The Youth Congress will be held in **English**.

Are you eager to contribute to the fruitful and constructive discussions based on the philosophical work of Immanuel Kant? Are you willing to debate and exchange your knowledge and experience with our experts and participants? **Then take the chance to apply!**

The congress covers travel costs, food, and accommodation and is sponsored by the German Ministry of Foreign Affairs.

You can submit your applications until April 7, 2024, at 11.59 pm CET.
